# ***LESSONS FROM THE COVID WAR: An Investigative Report* by the Covid Crisis Group**

## **Book Launch**

Join Andrew Kilianski and Melissa Harvey, two members of the Covid Crisis Group, on May 4 to hear about the group's recently released and long-awaited report on what went wrong--and right--with America's response to the COVID-19 pandemic: *Lessons from the Covid War: An Investigative Report*. The Covid Crisis Group is a remarkable group of 34 distinguished practitioners and scholars from many backgrounds who came together determined to discover and learn lessons from this latest world war.

This powerful report shows how Americans faced the worst peacetime catastrophe of modern times. *Lessons from the Covid War* is plain-spoken and clear-sighted. It cuts through the enormous jumble of information to make some sense of it all and answer: What just happened to us, and why? And crucially, how, next time, could we do better? Because there will be a next time.

This book shows how Americans can come together, learn hard truths, build on what worked, and prepare for global emergencies to come. Copies of the book will be available for sale and for signing after the event.
